MISSION STATEMENT

The Theatrical Sound Designers and Composers Association (TSDCA) is a professional membership organization of sound designers and composers for the performing arts working in the United States. Through advocacy, ongoing education, mentorship, and outreach we seek to advance our community and promote sound design and composition as vital artistic components of the collaborative art of live theater. This organization is not a union or collective bargaining unit, but will provide a forum for sound designers and composers to exchange ideas and engage in activities that will strengthen our field and reinforce our standing as artists in the theater community.

CODE OF CONDUCT

We recognize and celebrate individual differences among all theater artists, including but not limited to race, ethnicity, age, gender, gender identity or expression, sexual orientation, physical abilities, nationality, language, religious beliefs or socioeconomic background. All artists deserve equal access and a safe working environment where the only risks people face are artistic challenges. As part of our commitment to the pursuit of professional standards that includes equitable fair dealings with all our collaborators, all TSDCA members, applicants for membership, vendors, employees, and guests of employees and members shall abide by the [Anti-Harassment Policy](#).
